## Candlemaking Class Information

This class is designed for total beginners or those just starting out.

Venue: At the address above. Nearest tube stations are Hammersmith (Piccadilly and District lines), Goldhawk Rd (Hammersmith and City and Circle Line), Shepherds Bush (Central line).

Buses: 295, 283, 220, 72.

Times: 10am-5pm Saturdays. Weekday courses can be arranged.

Cost: £100.00 per person.

What to bring: Just yourself and if you have started already and have a query on one of your candles, bring it with you.

Wear sensible clothing and footwear. Pad and pen for taking notes.

The Candle Class. (For up to two students.)

An introduction to tools and equipment.

Health and safety guidelines. For example the safe preparation of the wax.

An introduction to materials.

Waxes. A description of commonly used waxes, their properties and uses in candle production.

Measuring the correct quantities of wax and additives required.

Perfume, testing for suitability, their effect on colour and burning.

Wick, showing different types, sizes and types of candles they are recommended for.

Wax dyes and pigments. When to use the correct colouring and measuring the amount needed.

Candles that you will be making and taking with you.

A one colour candle cast in a plastic mould.

A container candle in a glass using perfume.

A fruit candle cast in a rubber mould using perfume and a speciality colouring.

A chunk candle cast in a cylindrical plastic mould.

A swirly chunk candle cast in a plastic star mould.

Finishing off techniques and how to fix surface problems.

Time permitting demonstration of a sand candle, an angled layer candle, whipped wax and various ways of decorating candles using applique wax, flowers and transfers.

For availability and dates please call or e-mail to the contacts above.
